

The brief for our designers on the Corvus 20 was simple - give it plenty of room for open plan living and ensure it fits comfortably on a villa type 12.5m x 25m lot. The end result is design which is a pleasure to come home to and packed with "big home" features such as the ultra-chic open plan living zone, generous pantry and linen space and bedrooms that will all comfortably take double beds. With the flowing layout of the Corvus 20, compact home design has taken on a whole new direction.

corvus20
